

**DATA SHEET: CARABINERO****PRODUCT'S DESCRIPTION**

Carabinero (*Plesiopenaeus edwardsianus*), caught in Moroccan or Spanish waters (FAO 34 Central-Eastern Atlantic and FAO 37.1 Mediterranean Sea) without the addition of any other ingredient, packed in cardboard box and packed in porexpan box, both for food use.

The product is frozen on board in IQF format and stored at freezing temperatures, with different commercial presentations depending on size and available all year round.

**ORGANOLEPTIC CHARACTERISTICS**

SHAPE: Characteristic of the species of crustacean decapod.

TASTE: Its intense sea taste is strong. Most of this flavor lies in its big head, which is excellent for the preparation of broths, soups or creams, which also provides a curious color

SMELL: Proper to seafood

COLOR: Intense red

**INGREDIENTS:** 100% carabinero (*Plesiopenaeus edwardsianus*)

**PACKAGING, LABELLING AND STORAGE**

PACKAGING: Packed in cardboard and porexpan boxes, both for food use.

LABELLING: CARABINERO (*Plesiopenaeus edwardsianus*)

STORAGE: At freezing temperatures (-18°C)

**TARGET POPULATION**

In general, except those allergic to crustaceans

**CONDITIONS OF USE**

Defrost and serve

**ALLERGENS AND GENETICALLY MODIFIED ORGANISMS**

- Allergens: Crustacean
- 100% carabinero (*Plesiopenaeus edwardsianus*)
- No GMO's

**MICROBIOLOGICAL CHARACTERISTICS**

Parameter	Range	References
Mesophilic aerobes	< 10 <sup>6</sup> cfu/g	Order 2/8/1991
Enterobacteria	< 10 <sup>3</sup> cfug	Order 2/8/1991
Salmonella-Shigella	Absence/25 g	Order 2/8/1991

**NUTRITIONAL CHARACTERISTICS**

NUTRIENT	PERCENTAGE
